

**TAMMY TAYLOR®**

1 (800) 93-TAMMY

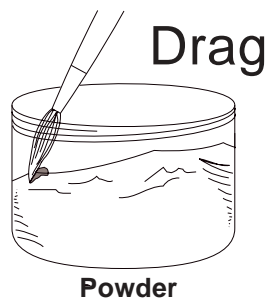

Product ball on tip of brush should have the **texture** and **look** of a **pearl**, and be slightly rounded.

IF NOT: CLEAN your **Brush** & get a new ball.

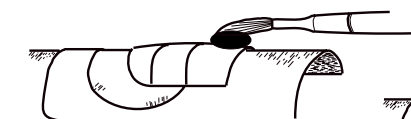

Liquid

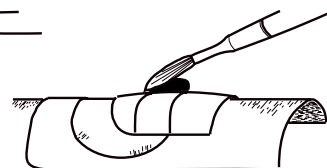

Powder

**Note:** **Dip** brush into liquid, all the way to base of brush. If you want a small ball, drain more liquid from your brush. If you want a large ball, drain less liquid. To drain, **wipe** one side of the brush away from you, then drag tip of brush towards you across powder, until you see the right size ball. **Drag** brush **lightly** for **smaller balls** or drag **deeper** for **larger balls**.
